■ ■ Dare to Believe ●

Road to Tokyo, dare to believe is a schools challenge. Our school is taking part in this fun challenge, each class has their very own team. We clock up kilometres to reach the stops on the way to Tokyo, like the athletes themselves! So keep those kilometres up by walking, running, dancing, whatever fun activities you want, it only takes a few minutes. We wish you good luck and hope you continue to enjoy our newspaper.

by Maria Mulligan

Can you draw lines to connect each pair of identical bananas together?

The lines must not cross or touch each other, and only one is allowed in each grid square. You can't use diagonal lines. Good Luck!!!

Joke of the Month!!!

What did the policeman say to his belly button? Your under a vest!!

Answer to last months Brain teaser

The Future!!!!!!

The Brain teaser of the Month

Two trains went into a tunnel at 8 o'clock at either end of the tunnel. The tunnel could only fit one train at a time. How did the trains not crash? Answer will be revealed in next month's paper!!!
